DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see amendment, filed 09/05/2003, with respect to claims 1-7 and 9-24 have been fully considered and are persuasive. The rejection of 06/05/2003 has been withdrawn.

Allowable Subject Matter

2. Claims 1-7 and 9-24 are allowed.
3. The following is an examiner's statement of reasons for allowance:

A search of the prior art did not disclose a liquid crystal display device and a mounting bracket for assembling the LCD module comprising a combination of structural elements, more specifically:

(a) A mounting bracket having a vertical, a first horizontal and a second horizontal portion with the vertical and second horizontal portion being disposed between the LCD panel and the front frame and the first horizontal portion being disposed outside the rear frame such that the rear frame is disposed between the LCD panel and the first horizontal portion.

(b) An LCD liquid crystal display with the above bracket being internal to the first and second frames.

As pointed out by the applicant none of the cited prior art discloses a bracket having the mounting portions and mounted internal to the frames. The cited U.S. Patent No. 6,330,148, by the same applicant and the same assignee,

discloses a mounting bracket. However, the mounting of the bracket to the LCD display is different i.e., the bracket is mounted outside the front and rear frames.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
